

Statement no.7

Number of Registered Novel Corona Virus (COVID-19) Cases in Oman-Update

The Ministry of Health announces the registration of two new novel Corona virus (COVID-19) cases related to travelling to Iran, which raise the number of the registered cases in the Sultanate to four till the issuance of this statement. All cases are in stable health condition.

The Ministry in this context advises avoiding travelling to countries with confirmed COVID-19 cases unless in extreme circumstances.

MOH argues travelers coming from COVID-19 endemic countries to contact its Contact Center to inform them on the 14-day quarantine procedures as well the followed preventive measures.

Furthermore, the Ministry seeks the full cooperation from all citizens and residents maintain the quarantine procedures and preventive instructions of infection control, calling upon all to practice proper healthy habits when sneezing or coughing, in addition to maintaining hand wash with water and soap or the hand sanitizer.

For any enquires, it is recommended to contact the MOH's Contact Center at (24441999). Kindly pay no attention to rumours and take the information from the official sources.
