18 -07-1447 H  
07 -01-2026

After compliments,

**Subject: Safety Alert -Infant Formula Products (Nestlé)**

With reference to the above subject, the Drug Safety Center, in coordination with the Food Safety and Quality Center, hereby informs all concerned parties of a potential safety risk related to certain infant formula products manufactured by the above-mentioned company. Based on the information received, some batches of some products currently available in the local market may be contaminated with cereulide toxins produced by *Bacillus cereus* as detailed in the attached table.

All concerned entities are instructed to immediately locate and withdraw the affected batches from circulation and ensure their safe disposal in accordance with approved procedures. A Report detailing the quantities withdrawn and the disposal method implemented shall be submitted to the Drug Safety Center Accordingly.

Yours faithfully,

Ad

**Ph. Ibrahim Al Rashdi**
